

Healthy Relationships Curriculum

Preparing Students for Transition Into Adulthood Either In-Person or Remotely

This highly adaptable program teaches challenging life skills to school students with various special needs. This resource is designed to be utilized district wide- from elementary grade levels to high school and beyond and can be used within your existing programs!

Are you in need of?

- An entire year program to teach social media safety, hygiene, social skills, and more in a proactive fashion.
- A resource to help achieve IEP goals from elementary all the way through high school and beyond.
- Adaptable materials that follow evidenced based practices which will teach concepts concretely to special education students.

We were too, so we created a specialized program just for you!

Benefits of the Program

- Empowers the individuals to understand the world around them
- Meets state academic standards while tackling multiple IEP goals
- Educates the individuals on what is safe and unsafe in different real-life situations
- A flexible program that can be adapted to meet all individual needs
- Many, many more...

Where is Healthy Relationships Curriculum being currently used?

Join the approximately 20,000 individuals across the multiple states who already use this program

What's Included in the Healthy Relationships Curriculum

- **Home Supplements** are included with each lesson to help promote retention, growth and encourages staff interaction outside of the group.
- **Role Plays and Demonstrations** are designed to aid in teaching the material in a concrete manner.
- **Ready-to-use Lessons** utilize a step-by-step approach with a list of materials needed, purposes and objectives of each lesson, and quick references to related subjects.
- **"Check for Understanding" Quizzes** are included at the end of each lesson to measure retention before moving forward to the next topic.
- **Available Comprehensive Training** builds teachers and group leaders' confidence with individual lessons, as well as an understanding of how the lessons build on one another to function as a whole.
- **Outcome Tools** capture and record outcome measurements that can be shared with parents, caregivers and administrators to show real-time, individual progress.
- **Evidence-Based Practices** used throughout to promote retention among visual learners.
- **Over 65 Videos** bring many role plays and demonstrations to life for use inside and outside the classroom setting.
- **myHRC Online Portal** is an interactive website to assist instructors in delivering the curriculum, connecting with other users and professionals, and communicating with students and their families.
- **The Forum** is a nationwide resource library available to instructors.

New
